Glenn Morales, TDLR # 3034M
32 Years Experience

Objective: To own and operate a company in the commercial trade industry and help the environment save our natural resources.

Experience: 1998-2009 G M Enterprises

Co-Owner, Daily Operations Manager

- **Drilling Schedules, Manage Daily Operations**
- **Multiple Mobile Rig CME 75**
- **Gardener Denver 1000**
- **Failing 1250**
- **Mahew 1000**
- **ATV Mahew 500**
- **Multiple Motor Rigs**
- **Operated CME 55 Drill Rig**
- **Operated B-47 and B-34 Mobile Drill Rig**
- **Operated B-30 ATV Mobile Drill Rig**
- **Operated Simco Earth Probe Drill Rig**
- **Operated Mobile B-24 Skid Mounted Drill Rig**
- **Operated Interior Direct Push Sampling Machines**
- **Operated and License Fork Lift Truck**

- **Experienced in geotechnical and environmental drilling services using split spoon samplers, Shelby tube samplers, pitcher barrel samplers. CME continuous sampler, installing slope indicators, piezometers and, monitor well installations. Experience in pressure grouting, trimi grouting. Developed wells using air lifting, bailers, surging, jet pumps, submersible pumps, BK hand pumps. Experienced in drilling with hollow stem augers, air rotary, wet rotary and angle drilling. Worked at PPE protection levels B, C and D on sites ranging from basic gas station work to super fund sites and super calider project.**

Worked in lignite mine for TXU for two years and elective seismograph.

1977-1998 Southwestern Laboratories Dallas, Texas

Staff Driller

- Operated CME 75 Drill Rig
- Operated B-53 Mobile Drill Rig and B-57
- All Multiple Rotary Rigs

- Experienced in geotechnical and drilling services using split spoon Samplers, Shelby tube samplers, pitcher barrel samplers, CME Continuous sampler, installing slope indicators, piezometers and Monitor well installations. Experience in pressure grouting, trimi Grouting. Developed wells using air lifting, bailers, surging, jet Pumps, submersible pumps, BK hand pumps. Experience in drilling With hollow stem augers, air rotary, wet rotary and angle drilling. Worked at PPE protection levels B, C and D on sites ranging from Basic gas station work to super fund sites.

Education 1975 Graduated Arlington High School Arlington, Texas

Training

- Geotechnical Driller trained by Southwestern Laboratories 1977-1978
- OSHA 1910 Refresher Course 40 hour Training Course 1986
- OSHA 1910, 08 Hour Training Course 1988-2008 every year
- TDLR License Monitor Well Driller- 1989
- TDLR Drillers Continuing Education Course 2000-2008 every year
- Supervisory Training Courses 1990-1991
