**Richard Cheek, TDLR #3006M**  
**29 Years Experience**

---

**Objective:** To own and operate a company in the commercial trade industry and help the environment save our natural resources.

**Experience:** 1989-2008 G M Enterprises.

**Co-Owner, General Manager**

- **Drilling Schedules, Manage Daily Operations**
- **Operate Multiple Types of Rotary Drilling Equipment**
- **Gardener Denver 1000**
- **Failing 1250**
- **Mahew 1000**
- **ATV Mahew 500**
- **CME 55 Drill Rig**
- **B-47 and B-34 Mobile Drill Rig**
- **B-30 ATV Mobile Drill Rig**
- **Simco Earth Probe Drill Rig**
- **Mobile B-24 Skid Mounted Drill Rig**
- **Interior Direct Push Sampling Machines**
- **Fork Lift Truck**
  
- **Experienced in geotechnical and environmental drilling services using split spoon samplers, Shelby tube samplers, pitcher barrel samplers. CME continuous sampler, installing slope indicators, piezometers and, monitor well installations. Experience in pressure grouting, trimi grouting. Developed wells using air lifting, bailers, surging, jet pumps, submersible pumps, BK hand pumps. Experienced in drilling with hollow stem augers,] air rotary, wet rotary and angle drilling. Worked at PPE protection levels B, C and D on sites ranging from basic gas station work to super fund sites and super calider project. Worked in lignite mine for TXU for two years and elective seismograph projects..**

1888-1989     Alpha Testing/Environmental Drillers Inc.

**Senior Driller**

- Operated B-61 Mobile Drill Rig
- Performed Management Duties of Owner /Operator

1980-1988     Southwestern Laboratories             Dallas, Texas

**Staff Driller**

- Operated CME 75 Drill Rig
- Operated B-53 Mobile Drill Rig and B-57
- Operated multiple Rotary Rigs
  
- Experienced in geotechnical and drilling services using split spoon samplers, shelby tube samplers, pitcher barrel samplers, CME continuous sampler, installing slope indicators, piezometers and monitor well installations. Experience in pressure grouting, trimi grouting. Developed wells using air lifting, bailers, surging, jet pumps, submersible pumps, BK hand pumps. Experience in drilling with hollow stem augers, air rotary, wet rotary and angle drilling. worked at PPE protection levels B, C and D on sites ranging from basic gas station work to super fund sites.

**Education**     1980     Graduated O.D. Wyatt High School             Fort Worth, Texas

**Training**

- Geotechnical Driller trained by Southwestern Laboratories 1980-1981
- TDLR License Monitor Well Driller-1985
- Bariod Corporation Inc. Grouting Boreholes Seminar 1990
- OSHA 1910 40 Hour Training Course 1986
- OSHA 1910 Refresher Course 8 hour Course 1988-2008 every year
- TDLR Drillers Continuing Education Course 1989-2008 every year
- Supervisory Training Courses 1990-1991
